Emergency Storm Shelter and Evacuation Information?

- Emergency Storm Shelter and Evacuation Information: In the event of an emergency or incident in the classroom, the faculty member is often the first university representative or authority figure recognized to be in charge until emergency first responders arrive. Students with disabilities impacting mobility should discuss with their instructor the approved accommodations for emergency situations and additional options. For more information contact University Safety ([417-836-5509](tel:417-836-5509)) or consult the Emergency Quick Reference Guide and Campus Emergency Response Plan.
